General Terms & Conditions:	
<p style="text-align: right;">Visit Details:</p> <p style="text-align: right;">Program Fees and Bookings:</p> <p style="text-align: right;">Payments:</p> <p style="text-align: right;">Other Fees:</p> <p style="text-align: right;">Cancellations:</p> <p style="text-align: right;">Drills:</p> <p style="text-align: right;">Equipment and Resources:</p> <p style="text-align: right;">Supervision:</p> <p style="text-align: right;">Unscheduled Programs:</p>	<p>Once a quotation is accepted, we will arrange for a pre-visit to confirm facilities, discuss program details, and perform a technology check as required.</p> <p>Fees are determined on a case-by-case basis depending the program type and the number of program sessions as well as additional mileage beyond TSC Robotics home base location, 02026, 10 mile radius. Always make an inquiry for a no-obligation quotation to be certain your requirements will be met. Bookings are not final until an invoice has been approved by the client.</p> <p>Invoices are due upon program delivery and paid by check drawn in favor of “Michael A. Marks d/b/a/ TSC Robotics”.</p> <p>For certain venues that require final approval of payment before issuing a check, like municipalities, payment is due 15 days net after program delivery.</p> <p>An administrative fee applies to any program that requires more than three cumulative hours of written or verbal communications to finalize program details. These are billed hourly.</p> <p>Cancellations require 72 hours notice and a \$50 fee applies. If the program can be rescheduled, then the fee is waived.</p> <p>In case of emergencies such as weather conditions, power outages, etc., the program may be rescheduled at no charge when the client provides timely notice and a mutually arranged schedule can be agreed.</p> <p>TSC Robotics reserves the right to cancel, without refund, any session during which unruly and disruptive behavior persists.</p> <p>Clients are requested to notify TSC Robotics in advance about planned drills such as for fire, shelter in-place, lockdowns, and active shooter if scheduled during a program.</p> <p>All robotic equipment, resources, and material used in programs remain the property of TSC Robotics except for the Brush Bot Kit workshop when kits are purchased by the participants.</p> <p>The client is responsible for costs associated with missing or damaged equipment used during the program as reported by TSC Robotics.</p> <p>The Lego Mindstorms EV3 and Modular Robotics Cubelets (for older participants) workshops require laptops capable of running the Lego Education Mindstorms EV3 programming environment and Blockly visual programming language, respectively. Blockly requires laptops with Bluetooth wireless connectivity. These computers are provided by the client.</p> <p>Adult supervision must be present at all times during programs. Programs may be postponed or cancelled without refund if supervising adults are not present.</p> <p>Unscheduled programs shall incur additional charges. An unscheduled program involves a request to do a session for a special group or an additional session not previously agreed upon and contracted.</p>
